

**RICHMOND POLICE DEPARTMENT GENERAL ORDER**

NOTE: This directive is for internal use only, and does not enlarge an employee's civil liability in any way. It should not be constructed as the creation of a higher standard of safety or care in an evidentiary sense, with respect to third party claims. Violation of this directive, if proven, can only form the basis of a complaint by this department, and then only in a non-judicial administrative setting.

 _____ Chief of Police or Designee		08/03/10 _____ Date	

I. PURPOSE

The purpose of this directive is to provide the Division of Emergency Communications' (DEC) personnel with an identification system. This identification system enhances operational efficiency and field personnel safety whereby telecommunications, supervisors and fellow officers know the status of field personnel, their locations, the nature of cases or calls-for-service and developments in their investigations.

II. POLICY

- A. It is the policy of the Richmond Police Department through its communications system to satisfy the immediate information needs of the agency in the course of its normal daily activities and during emergencies. It is the latter situation that places the greatest demands upon the communications system and tests the capacity of the system to fulfill its functions.
- B. The system conveys information from the public to the Department, through communications personnel, to the officer who responds to the call-for-assistance, to other law enforcement and public service agencies and to information storage facilities and retrieval subsystems. The speed and accuracy with which information flows through each system are measures of the Department's capacity to respond to the needs of the community.

III. ACCOUNTABILITY STATEMENT

All employees are expected to fully comply with the guidelines and timelines set forth in this General Order. Failure to comply will result in appropriate corrective action. Responsibility rests with the Division Commander to ensure that any violations of policy are investigated and appropriate training, counseling and/or disciplinary action is initiated.

IV. PROCEDURE

RADIO NUMBERS

UNIT NUMBER	ASSIGNMENT
1	Chief of Police
2	Assistant Chief of Police
3	Major – Chief of Staff
